

1

What comparison is introduced at the beginning of the passage?

Cevap 1

It compares the results, teaching methods, and levels of knowledge found in the Qur'an and in philosophy.

2

How are ordinary beings in the universe presented in the passage?

Cevap 2

They are presented as extraordinary signs and acts of divine power, even though people usually think of them as routine.

3

How does the passage describe the world that people usually call ordinary?

Cevap 3

It describes that world as actually filled with extraordinary works of divine power.

4

What kinds of things does
philosophy focus on instead?

Cevap 4

It highlights rare, abnormal cases and treats them as the main objects of reflection and instruction.

5

What does the passage suggest about physical irregularities in human beings?

Cevap 5

They are departures from the usual balance of creation, not the highest examples of its wisdom.

6

Why is the normal creation of a human being more instructive than a rare deformity?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-karsilastirilmesi

Cevap 6

Because it displays wholeness,
order, and purposeful design on a
much deeper level.

7

What wrong response does philosophy have toward that regular provision?

Cevap 7

It covers it with neglect and thanklessness instead of recognizing it as a mercy from Allah.

8

How does the passage define the
Qur'an's richness?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-
karsilastirilmesi

Cevap 8

Its richness lies in wisdom,
knowledge, and recognition of
Allah through creation.

9

Which side of the comparison is linked with abundance, and which with lack?

Cevap 9

The Qur'an is linked with abundance, while philosophy is linked with lack.

10

What two sources of learning are being measured against each other in the passage?

Cevap 10

The passage measures the Qur'an
against philosophy.

11

How does the Qur'an change the way the universe appears to a reflective person?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-
karsilastirilmesi

Cevap 11

It makes the universe appear full of wonder, meaning, and signs of divine action.

12

What becomes visible when that habit is removed?

Cevap 12

The astonishing signs of divine power in the beings of the universe become visible.

13

What does philosophy do with
those same everyday marvels?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-
karsilastirilmesi

Cevap 13

It treats them as commonplace
and fails to draw serious lessons
from them.

14

What does philosophy present as
worth noticing?

Cevap 14

It presents strange and exceptional cases that fall outside the usual order.

15

What is the lesson from the contrast between a complete human being and a person with maior bodily irregularities?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-karsilastirilmesi

Cevap 15

The real miracle is the normal and balanced human form, but philosophy wrongly gives the spotlight to rare abnormalities.

16

Why is paying more attention to a rare underwater insect portrayed as misguided?

Cevap 16

Because it misses the much broader and more meaningful mercy visible in the daily care given to countless vulnerable creatures.

17

What view of mercy comes through in the discussion of babies and the young?

Cevap 17

Mercy is shown as constant,
generous, and active in ordinary
life.

18

In the passage's final evaluation,
what is philosophy unable to
provide well?

Cevap 18

It is unable to provide deep instruction and sound knowledge concerning the Creator.

19

What is the main purpose of the passage's comparison?

Cevap 19

It is meant to show the difference between a God-centered understanding of the world and a philosophical approach that misses creation's deeper meaning.

20

What does the Qur'an help
people recognize in the created
world?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-
karsilastirilmesi

Cevap 20

It helps them recognize hidden marvels and signs of Allah in things they normally overlook.

21

In contrast, how does philosophy
treat the wonders found in the
universe?

Cevap 21

It hides them under the label of normality and passes over them without proper attention or gratitude.

22

In the passage, why is calling human creation ordinary a serious failure of understanding?

Cevap 22

Because it ignores a vast and intricate sign of divine craftsmanship.

23

What does philosophy call
attention to instead of the regular
order of creation?

lisans 13-soz-eng-with-arabic-p01-kuran-hikmeti-ile-felsefenin-
karsilastirilmesi

Cevap 23

It calls attention to odd and irregular cases.

24

How does the passage describe the feeding of babies and young animals?

Cevap 24

It presents their regular provision as a subtle and wide-reaching sign of divine mercy.
