2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 1 - CEVAPLAR

1-) What big idea is seen among the things in the world in this passage?

They help one another.

2-) What are living beings trying to do during constant changes?

Stay alive and do their tasks.

3-) Why can this not be only their own doing?

Because the help and order are too great for them alone.

4-) Which group helps people?

Animals.

5-) What is surprising about how creatures receive provision?

It comes to them from unexpected places.

6-) What surprising thing happens with sustenance for living things?

It comes from places they did not expect.

7-) How does the passage describe the way the universe is managed?

Like a well-run palace.

8-) Who, then, sends them to help each other?

A compassionate and wise Sustainer.

9-) What great patterns are seen everywhere in the cosmos?

Teamwork, balance, protection, beauty, order, and assigned jobs.

10-) What does this whole teamwork, balance, beauty, and order do?

It gives a strong witness to Allah.

2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 2 - CEVAPLAR

1-) What truth does the passage say we can notice in the world?

A truth of working together.

2-) What are animate beings trying to maintain?

Their existence, their life, and their duties.

3-) How do plants help the next group after them?

They help feed animals.

4-) What feeds the little baby?

Milk.

5-) What is another sign of care for living things besides milk?

Their food comes from places they did not expect.

6-) What building is used as an example for how the cosmos is run?

A palace.

7-) How do lifeless things act in this passage?

They act as if they are helping carefully and knowingly.

8-) What must be true if lifeless things act like that?

A wise and glorious Lord is directing them.

9-) What are two examples showing that jobs are given in creation?

The sun and moon, and also bees.

10-) Why is this called the second wing of the world's testimony?

Because it is another big way creation points to Allah.

2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 3 - CEVAPLAR

1-) What do many beings in the passage do with each other?

They support each other.

2-) Why is this helping one another amazing?

It is more than those things can do by themselves.

3-) What helps the world of plants from above?

Clouds do.

4-) After that, what helps plants grow?

The clouds.

5-) From where do living things sometimes get food and needs?

From places they do not expect.

6-) What reaches those cells?

Food particles.

7-) What does all this prove about the Sustainer?

He rules all with mercy and care.

8-) Then who makes them help each other?

The Merciful, Wise, and Glorious Sustainer.

9-) What examples show order in both big and small things?

From star systems to fruits.

10-) What does the passage say these great truths become?

They become the second wing of creation's witness.

2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 4 - CEVAPLAR

1-) In this passage, what do the beings in the world do while many changes happen around them?

They keep going and help one another.

2-) Does this teamwork stay inside their own power, or go beyond it?
It goes beyond their own power.

3-) Name the order of help in the examples from nature.

Elements help living things, clouds help plants, plants help animals, and animals help people.

4-) What is one special gift for babies named in the passage?
Milk.

5-) Who controls the food particles that go to body cells?
Their Lord controls them.

6-) Who is said to employ these tiny particles?
Their Sustainer.

7-) Then how do they still seem to help in careful ways?
Allah makes them serve by His command.

8-) What kind of regularity is seen from planets down to body parts?
Great balance and guarding.

9-) What places show beauty in creation here?
The heavens, the earth, and flowers.

10-) What final idea should a student learn from this passage?
The ordered help in all creation points to Allah.

2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 5 - CEVAPLAR

1-) What truth about the world is spoken about first in this passage?

The truth that creation works together.

2-) What else are they trying to carry out?

Their duties.

3-) Which group helps animals get what they need?

Plants.

4-) What food is specially mentioned for infants?

Milk.

5-) After animals are helped, whom do animals help?

Human beings.

6-) What do these examples show about the Lord of all worlds?

He cares for everything and rules everything with mercy.

7-) Why is the teamwork of lifeless things an important clue?

Because lifeless things cannot plan that help on their own.

8-) What qualities does the Sustainer have here?

He is compassionate, wise, and glorious.

9-) What is one example of beauty in creation named here?

The sky, the earth, and flowers are made beautiful.

2sinif supreme-sign-p67-summary-of-the-lesson-from-the-cosmos-there-is-no-god-but-allah - Set 6 - CEVAPLAR

1-) What can we see happening among the beings in the world?

They assist one another.

2-) Give one example of something in nature helping something else.

Clouds help plants.

3-) What helps the human world in the examples given?

The animal world helps it.

4-) Why is that a sign of mercy?

Because the baby cannot get it by itself.

5-) What does this tell us about how Allah cares for creation?

He gives what is needed with mercy.

6-) What picture is used to help us imagine the universe?

A palace.

7-) What is strange about solid, lifeless things in this passage?

They still act together in a careful way.

8-) Where can we see beauty mentioned in the passage?

In the sky, the earth, and flowers.

9-) Which creatures are named to show that jobs are given to all kinds of things?

Even honey-bees.
