CEVAP ANAHTARI

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 1 - CEVAPLAR

1-) What is the main idea of the First Mystery?

Allah's power has no weakness and no limits.

2-) What can never enter the very nature of a thing?

Its opposite.

3-) Why can weakness never reach Allah's power?

Because His power belongs to His own Essence.

4-) Where do levels like more and less usually come from?

From the effect of an opposite.

5-) What makes heat seem higher or lower in the example?

Cold.

6-) What opposite affects strength in the example?

Resistance.

7-) How does Allah create all things, according to the passage?

As easily as creating one thing.

8-) Why can no obstacle stand in the way of Allah's creating?

Because His power has no weakness or shortage.

9-) How does the passage compare a flower and a tree in beauty and skill?

A flower is made with skill, just like a tree.

10-) If Divine unity were not true, how would making one living thing change?

It would become very difficult.

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 2 - CEVAPLAR

1-) What is being explained in the First Mystery?

Why Allah can create everything with ease.

2-) What rule does the passage give about a thing and its opposite?

They cannot both belong to the same essence in that way.

3-) Since Allah is All-Powerful, what opposite can never touch Him?

Powerlessness.

4-) What happens when an opposite mixes into something, according to the examples?

Different levels appear.

5-) What does the passage say about difficulty for Allah's power?

Nothing is difficult for Him.

6-) How do we see this with strength?

Resistance changes how strong it is.

7-) How easy is making a tree for Allah compared with making a flower?

It is just as easy.

8-) How easy is making a tree for Allah compared with making a flower?

It is equally easy.

9-) If there were no Divine unity, what might happen to a living thing that now appears quickly?

It might take a very long time or never appear.

10-) What do many valuable living things do in an orderly way?

They come, do their work, praise Allah, and leave seeds.

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 3 - CEVAPLAR

1-) What does the First Mystery teach about Allah's power and weakness?

Weakness cannot be part of Allah's power.

2-) What opposite of power is named in the passage?

Impotence, or weakness.

3-) What is another example showing that opposite things can change a level?

Cold can lower heat.

4-) According to the passage, what brings about degrees in things?

The presence of the opposite.

5-) Since Allah's power has no weak side, what can stop it?

Nothing can stop it.

6-) What example is given for strength having different degrees?

Resistance changes it.

7-) What belief is said to make creation easy and full of beauty?

Belief in Divine unity.

8-) How does the passage compare the ease of resurrection, spring, a tree, and a flower?

They are all equally easy for Allah.

9-) What would creation lose if Divine unity were denied?

Its worth and fine art.

10-) How fast might one living thing be made without Divine unity?

It could take a year or perhaps never be made.

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 4 - CEVAPLAR

1-) What truth about Allah is the First Mystery trying to show?

Allah's power is perfect and complete.

2-) What is the opposite of power in this passage?

Weakness.

3-) Why does the passage say this opposite cannot reach Allah?

Because His power is tied to His Sacred Essence.

4-) What makes some light brighter and some light dimmer in the example?

Darkness.

5-) What opposite affects heat in the example?

Coldness.

6-) Are there different levels in Allah's power like strong and weak?

No. His power has no levels.

7-) How does Allah deal with many things compared with one thing?

He creates many as easily as one.

8-) Which is harder for Allah: bringing the big rising after death, making spring, growing a tree, or making a flower?

None is harder. They are all easy for Him.

9-) What does the passage say about the way Allah makes a flower compared with a tree?

Both are made with great art.

10-) What do fruits, flowers, trees, and animals do after they come into the world?

They do their jobs, praise Allah, and leave seeds behind.

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 5 - CEVAPLAR

1-) What is the first big point taught in this passage?

Allah's power can never include weakness.

2-) What impossible thing would happen if two opposites were together in the same way?

An impossible joining of opposites.

3-) Since Allah's power belongs to His Essence, what can never touch it?

Weakness can never touch it.

4-) Why are there no bigger and smaller levels in Allah's power?

Because no weakness enters it.

5-) How do we see this with heat?

Cold changes its level.

6-) How easy is spring for Allah compared with making a tree?

It is just as easy.

7-) How easy is making spring for Allah compared with making a tree?

It is equally easy.

8-) What does the passage say people can see with their own eyes?

Allah makes these things happen in front of us.

9-) What would happen to the beauty and worth of created things without Divine unity?

Their beauty and worth would be lost.

10-) What is left behind after these living things go on?

Their seeds.

2sinif supreme-sign-p87-3rd-truth-1st-mystery-no-degrees-in-essential-power - Set 6 - CEVAPLAR

1-) What is the title of the part we are learning from?

The First Mystery.

2-) What is one example showing that opposite things can change a level?

Darkness can make light less bright.

3-) Why is Allah's power free from weakness?

Because it is essential to His own Essence.

4-) What do these examples help us understand about Allah's power?

His power has no weak level in it.

5-) What example is given for heat having different degrees?

Cold changes it.

6-) What does the passage say about the way Allah makes a flower, a tree, spring, and resurrection?

He makes all of them with perfect skill and wonder.

7-) What kinds of problems can never get in the way of Allah's power?

Obstacles, weakness, and deficiency.

8-) Without Divine unity, how would making a tree compare to making spring?

It would be just as hard or even harder.

9-) What does the passage say would be harder without Divine unity: making a flower, a tree, and spring, or making them with Divine unity?

Without Divine unity, they would be much harder.

10-) What shows that living things continue after they leave?

They leave their seeds behind.
