CEVAP ANAHTARI

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 1 - CEVAPLAR

1-) What covers the whole earth in the passage?

The basic materials of creation cover the whole earth.

2-) What else is spread all over the earth besides the elements?

Different kinds of living and created things are spread all over it.

3-) What do these things show about Allah?

They show that one Allah made and owns them.

4-) Why does their being spread everywhere help prove oneness?

Because the same kinds are found across the earth in an ordered way, so they point to one Maker.

5-) How are the elements described in relation to that one Maker?

They are like obedient servants.

6-) How are the different species described in relation to that one Maker?

They are like well-trained soldiers.

7-) What do the words about servants and soldiers help us understand?

They help us understand Allah's great power and control.

8-) Does the passage say there are many owners of creation or one owner?

One owner.

9-) What does the writer do after giving this short proof?

He says this truth is explained more fully in other places and keeps this part brief.

10-) After these truths, who speaks to his own heart?

The traveler speaks to his heart.

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 2 - CEVAPLAR

1-) In the passage, what is said about the building blocks of creation on earth?

They are found all across the earth.

2-) What is said about the groups of created things on earth?

Each kind is spread widely over the earth.

3-) What sign do these groups carry?

They carry a sign that points to unity.

4-) If many kinds are spread across the world in this way, what does that tell us about their Maker?

It tells us they come from one Maker.

5-) What does the passage say about who these things belong to?

They belong to a single being.

6-) What picture is used for the elements?

They are pictured as strong servants that obey.

7-) What picture is used for the species?

They are pictured as disciplined soldiers.

8-) What can we infer about the Maker from these two pictures?

He is very powerful and rules over all of them.

9-) Why is the explanation here short?

Because the fuller explanation was already given elsewhere.

10-) What feeling leads the traveler to speak to his heart after the Five Truths?

Strong faith and happiness in Allah's oneness.

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 3 - CEVAPLAR

1-) What two big parts of creation are talked about in this passage?

The elements and the different species.

2-) Where are the elements found?

Throughout the whole earth.

3-) Where are the species found?

They are spread throughout the earth too.

4-) What important lesson comes from both being spread everywhere?

The lesson is that they all come from one Lord.

5-) What does the passage say about their ownership?

They are all owned by one being.

6-) In the comparison, what are the elements like?

They are like servants that follow commands.

7-) In the comparison, what are the species like?

They are like trained soldiers spread out over the earth.

8-) What quality of Allah is especially clear in this part?

His oneness and mighty power.

9-) What happens after this short indication is given?

The traveler sums up what he learned from the Five Truths and speaks from his heart.

10-) Who does the traveler speak to in the end of the marked passage?

He speaks to his heart.

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 4 - CEVAPLAR

1-) What does the passage teach about the reach of the elements of creation?

Their reach is over the whole earth.

2-) What does it teach about each kind of created thing?

Each kind is spread across the earth as one united kind.

3-) What does that united spread point to?

It points to Allah's unity.

4-) What is proven very clearly by the elements and species being everywhere?

That one being made them and they belong to Him.

5-) How does the passage describe the one who controls the huge elements?

He is unique and very powerful.

6-) What job-like picture is given for the elements?

They are like servants carrying out orders.

7-) What job-like picture is given for the species on earth?

They are like soldiers lined up with discipline.

8-) What do both pictures show about creation?

Creation is under one command.

9-) Why does the passage end this part quickly?

Because it says this truth has already been explained elsewhere.

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 5 - CEVAPLAR

1-) What is everywhere on earth according to the passage: only a few materials or the elements of creation?

The elements of creation are everywhere on earth.

2-) Are the species shown as scattered with no order or spread as united kinds?

They are spread as united kinds.

3-) What does this spread say about the source of these things?

Their source is one being.

4-) What does this spread say about who owns them?

One being owns them.

5-) What does the passage compare the great elements to?

To obedient servants.

6-) What does the passage compare the species to?

To well-trained soldiers.

7-) What can a student learn about Allah from this order and spread?

Allah is one and has power over all creation.

8-) Does this part give every detail or just a short reminder?

Just a short reminder.

9-) After remembering the Five Truths, what does the traveler do?

He speaks to his heart with joy and faith.

2sinif supreme-sign-p95-2nd-stopping-place-5th-truth-the-unity-of-name-and-act-and-the-all-encompassing-nature-of-elements-and-species - Set 6 - CEVAPLAR

1-) What is the main idea of this short passage?

The world's elements and species show that Allah is one.

2-) What fact about the elements helps teach this lesson?

They are found across the whole earth.

3-) What fact about the species helps teach the same lesson?

They are also spread across the earth.

4-) What kind of sign do these species carry?

A sign pointing to unity.

5-) When many parts of creation are connected in this way, what does that tell us about their Maker?

It tells us their Maker is one.

6-) What does the passage say about the relationship between these created things and that one Maker?

They are His products and under His command.

7-) How are the elements shown to act under His command?

Like servants that obey.

8-) How are the species shown to act under His command?

Like disciplined soldiers.

9-) What feeling comes after the traveler sees these truths?

He feels strong faith and joy in Allah's unity.
