CEVAP ANAHTARI

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 1 - CEVAPLAR

1-) What is the main topic of this passage?

It explains that all true perfection points to Allah's oneness and shows that giving Him partners is false.

2-) What kinds of things in the world give witness to perfection?

The world's wisdom, beauty, justice, and purposeful design give witness.

3-) What do these examples teach about the One who made the universe?

They teach that the Maker is perfect.

4-) According to the passage, why must the One who made a perfect universe also be perfect?

Because perfect work points to a perfect Maker.

5-) Why would belief in more than one god ruin this picture?

Because it would break the unity and meaning shown in all these signs of perfection.

6-) How would the universe be misread if it were linked only to accident?

It would be seen as empty, random, and without real purpose.

7-) What would happen to the value of human beings if shirk were accepted?

Human beings would be lowered from an honored and meaningful place to a very miserable level.

8-) What happens to the signs of Allah's perfect qualities if shirk is accepted?

Those signs are covered and their message is canceled.

9-) Why does the passage mention that strong proofs were already given elsewhere?

To show that this claim is not unsupported and has already been explained in detail.

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 2 - CEVAPLAR

1-) Which truth is being discussed in this passage?

The truth of perfections.

2-) Where can a person see signs of perfection according to the passage?

In the universe, in its order and purpose, and in human beings.

3-) What does the passage say about the Creator's action toward the universe?

It says the Creator made it and manages it in a wonderful way.

4-) What does the passage teach about the Creator because of these signs?

It teaches that the Creator has perfection.

5-) What does the passage teach about Allah and perfection?

It teaches that Allah, who made everything so well, must Himself be perfect.

6-) Why is that belief rejected?

Because it clashes with the perfection seen in Allah's works, in the universe, and in human beings.

7-) If shirk were true, how would the universe look?

It would look accidental, empty of purpose, and not based on wisdom.

8-) How would shirk affect understanding of Allah's qualities?

It would block people from seeing His unlimited perfect qualities.

9-) What does the passage say about the need for more discussion here?

It says the matter has already been proven strongly, so the discussion is kept brief.

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 3 - CEVAPLAR

1-) What is one clear idea repeated through the passage?

Perfection in creation proves Allah's perfection and supports His oneness.

2-) What examples from the universe are used as evidence?

The passage uses wisdom, beauty, justice, and purposeful order as evidence.

3-) What special role does the passage give to human beings?

It says people are aware beings who reflect the Creator and are an important fruit of the universe.

4-) What can we infer about the relationship between creation and the Creator?

The goodness and excellence in creation reflect the greatness of the Creator.

5-) What does the passage say would happen to wise and excellent beings if Allah had partners?

Their worth and meaning would be destroyed.

6-) How does the passage say living creatures would be viewed if Allah had partners?

Their world would seem harsh and full of suffering instead of wise and meaningful.

7-) According to the passage, how would shirk affect the way people see human dignity?

It would take away human honor and make people seem low and lost.

8-) What would be hidden if partners were assigned to Allah?

The endless perfection of the Creator shown in creation would be hidden.

9-) What is one big lesson a Muslim student can take from this passage?

Seeing wisdom and beauty in creation should strengthen belief that Allah is One and has no partner.

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 4 - CEVAPLAR

1-) What truth is being presented after the first two truths?

The third truth, which is about perfections.

2-) What four qualities in the universe help show this truth?

Wisdom, beauty, justice, and purpose.

3-) Besides beauty and wisdom, what other signs are mentioned?

Just order and meaningful goals are also mentioned.

4-) Why are fair laws and meaningful purposes important in this passage?

They help prove that the world is made with wisdom and order.

5-) What belief is rejected in this passage?

The belief that Allah has partners is rejected.

6-) What does the passage say shirk would do to the perfect and wise things we see?

It would make their value and meaning fall apart.

7-) What is the cause-and-effect link between shirk and human value?

Shirk would strip away human dignity and lower the way people are understood.

8-) What would happen to the signs showing Allah's perfect qualities?

Those signs would be covered up and denied.

9-) What conclusion does the passage want the reader to reach?

Allah alone is perfect, and that is another proof that He is One.

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 5 - CEVAPLAR

1-) What truth is the passage trying to prove?

It is trying to prove the truth of perfection.

2-) How does the passage describe the Creator's work in making and managing the universe?

It says the universe was brought into being and cared for in a wonderful and beautiful way.

3-) In this passage, why are people called important?

Because they are conscious and have a special place among created beings.

4-) Why is being conscious important in the passage's view of human beings?

Because it shows that people have a special ability to recognize and reflect higher meanings.

5-) What would happen to the meaning of the universe if people said it came from chance or nature alone?

It would be treated like something pointless instead of something made with wisdom.

6-) What false idea about nature is pushed away in the passage?

It rejects the idea that nature itself is the real source of everything.

7-) How would people be misread in that wrong view?

People would be seen as low and miserable instead of honored.

8-) What does the passage say about the earlier proofs on this topic?

It says strong proofs were already given before, so this part keeps the discussion short.

9-) How can this passage help a Muslim student's iman?

It teaches the student to notice Allah's wisdom and beauty and to believe more firmly in His oneness.

5sinif supreme-sign-p77-2nd-chapter-1st-stopping-place-perfections - Set 6 - CEVAPLAR

1-) What is the “third truth” about?

It is about perfections.

2-) Name two signs from the universe that support this truth.

Its wisdom and its beauty.

3-) What does the beauty of creation point to?

It points to the excellence of the One who made it.

4-) Why does the passage say the Creator must be perfect?

Because a perfect universe points to a perfect Maker.

5-) How are humans honored in the passage?

They are described as a very important result of creation and as honored on earth.

6-) What is the cause-and-effect link between shirk and the loss of meaning in the universe?

If shirk were accepted, the universe would no longer be seen as wise and meaningful.

7-) What would happen to the picture of human life if that false belief were accepted?

Human life would seem miserable and stripped of honor.

8-) How does the passage connect shirk with denying creativity?

It says shirk covers up the signs of the Creator’s perfect work and so rejects His creating.

9-) What is the final message of this passage in simple words?

Everything excellent in creation tells us that Allah is perfect and has no partner.
