CEVAP ANAHTARI

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 1 - CEVAPLAR

1-) Which living thing is used as the main example in this passage?
The bee.

2-) What does the passage say Allah taught the bee to do?
He taught it to make its home in the mountains.

3-) Why is the bee called a wonder of Allah's power?
Because even though it is tiny, it is made with amazing abilities and a special job.

4-) What are three special things mentioned about the bee's body?
It has a tiny head with a plan for its work, a small stomach that prepares sweet food, and a sting with poison that does not harm itself.

5-) What do these details about the bee show about how it was made?
They show great wisdom, care, balance, and purpose.

6-) According to the passage, why can nature or accident not be the maker of the bee's abilities?
Because such careful and balanced work cannot come from something blind, careless, or without knowledge.

7-) How are bees found across the earth in a way that supports the main message?
They are found in many places but are made in the same wise and orderly way.

8-) What main belief does the example of the bees prove?
It proves Allah's oneness.

9-) What is the main idea of the whole passage?
The amazing design and order in bees clearly show that one wise Creator made them.

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 2 - CEVAPLAR

1-) What Qur'an example is brought at the start of this passage?

The example of Allah inspiring the bee.

2-) What does the passage say about the bee's task?

It has an important duty to carry out.

3-) What is placed in the bee's head?

A full plan for doing its work.

4-) What happens in the bee's stomach?

Delicious food is prepared there.

5-) What is unusual about the bee's sting?

It contains poison that can harm other living things but does not injure the bee itself.

6-) What kind of qualities are needed to make a creature like this?

Knowledge, care, wisdom, and clear purpose.

7-) What does the passage say cannot take part in making the bee?

Unconscious nature and random accident cannot take part.

8-) Why does seeing the same kind of bee all over the world strengthen the proof?

Because it shows one Maker is creating them all with the same wisdom and order.

9-) What conclusion should a reader make from the bee example?

Allah alone is the Creator, and this is clear from how bees are made.

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 3 - CEVAPLAR

1-) What animal does the passage focus on to teach about Allah's power?

It focuses on the bee.

2-) Where is the bee told to make its dwelling?

In the mountains.

3-) How does the passage describe the bee in relation to Allah's power?

It describes the bee as an amazing sign of Allah's power.

4-) Why is the bee's small size important in this argument?

Because such great skill and planning are placed in a very tiny creature.

5-) What does the bee's inner design teach us about its Creator?

It teaches that its Creator has perfect knowledge and wisdom.

6-) How does the passage use the making of honey-like food as evidence?

It shows that the bee is equipped in a precise and beneficial way that could not happen by accident.

7-) What idea is shown by the fact that the sting hurts others but not the bee itself?

It shows careful design and control in how the bee was made.

8-) What does the repeated pattern of bees around the world tell us?

It tells us that one Lord made them all in the same balanced way.

9-) If something is made with wisdom, order, and purpose, what does the passage say about random causes?

It says random causes cannot be responsible for it.

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 4 - CEVAPLAR

1-) What instruction from Allah to the bee is mentioned in the passage?

The bee was guided to find a place to live in the mountains.

2-) Why is a whole surah named after the bee, according to the passage?

Because the bee is a remarkable example of Allah's power.

3-) What is special about the program placed in the bee's head?
It directs the bee in doing its important work.

4-) What benefit is placed in the bee's stomach?
Sweet food is produced there.

5-) What dangerous thing is placed in the bee's sting?
A poison that can kill living creatures.

6-) Why is it important that the poison does not hurt the bee itself?
It shows the bee was made with exact care and wise planning.

7-) Which is the better explanation for the bee's design in this passage:
blind nature or Allah's wisdom?
Allah's wisdom.

8-) How does the passage connect many bees on earth to belief in Allah?

Their matching design and order everywhere point to one Creator.

9-) What proof is called clear and easy to see in this passage?

The way bees are made and spread across the world is clear proof of Allah's unity.

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 5 - CEVAPLAR

1-) Which creature in the passage is described almost like a machine for making sweetness?

The bee.

2-) What shows that the bee has guidance for its job from the beginning?

A complete plan for its work is placed in its tiny head.

3-) What does the passage say is made ready inside the bee for people to think about?

Delicious nourishment is prepared inside it.

4-) How does the passage compare the bee's poison with its own safety?

The poison can harm others, but the bee itself stays unharmed.

5-) What do all these features together show about the bee's creation? They show it was created with perfect order, balance, and wisdom.

6-) Why would it be wrong, based on the passage, to say the bee came to be through accident?

Because accident cannot produce such careful, meaningful design.

7-) What is meant by saying the same pattern appears in countless bees over the earth?

Bees everywhere are made with the same wise design and purpose.

8-) What belief should grow stronger when someone studies the bee in this passage?

Belief in Allah's oneness.

9-) What is the best summary of this passage in one sentence?

The bee's amazing design and the same design in bees worldwide clearly show one wise Creator.

5sinif supreme-sign-p82-2nd-stopping-place-2nd-truth-the-absoluteness-of-dominical-acts-1st-example-from-sura-al-nahl - Set 6 - CEVAPLAR

1-) What small creature is presented as a strong sign of Allah's power?

The bee.

2-) What place is mentioned as a home for the bee?

The mountains.

3-) What part of the bee contains a plan for its work?

Its tiny head.

4-) What part of the bee prepares sweet food?

Its small stomach.

5-) What part of the bee carries something harmful to other creatures?

Its sting.

6-) What does the passage teach by saying the bee is not harmed by its own sting?

It teaches that the bee was designed with great precision and care.

7-) Which qualities of creation are repeated in the passage to explain the bee?

Wisdom, care, balance, and purpose.

8-) Why does the passage reject blind nature as the cause of the bee's design?

Because blind nature cannot make something so orderly and exact.

9-) How do countless bees across the world become evidence for tawhid?

Their shared design in every place points to one Allah who made them all.
