CEVAP ANAHTARI

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 1 - CEVAPLAR

1-) What conclusion does the traveller reach from the way the winds, clouds, and air are managed?

He concludes that only Allah, the One whose existence is necessary, could control them with such complete power and knowledge.

2-) In the passage, are the winds presented as random or purposeful? Explain.

They are presented as purposeful because they are used in many planned duties.

3-) What does the traveller notice inside rain?

He sees many benefits, signs of divine action, and examples of wisdom in it.

4-) How does the passage use the example of summer rain to show order?

It says summer rain falls so evenly that even wild winds do not ruin its measured pattern.

5-) Why is the nature of water itself important in the argument of the passage?

Because even though water is made from simple elements and has no awareness, it is used in many wise and purposeful ways.

6-) What does this teach about the source of rain?

It teaches that rain comes from Allah's unseen mercy, not from blind chance.

7-) What does the traveller understand about thunder and lightning?

He understands that they are amazing signs in the sky that point to Allah and are not meaningless events.

8-) What do thunder and lightning show about Allah?

They show His greatness, power, and ability to make Himself known through creation.

9-) What main lesson do these events teach about the world?

They teach that these things are not ownerless or random, but have a master and a purpose.

10-) What message are these events said to deliver to human beings?

They tell people to look up, recognize amazing divine actions, and understand that everything has a master and purpose.

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 2 - CEVAPLAR

1-) Who is described as using the winds, clouds, and air in the passage?
The One described is Allah, the Sustainer full of glory and generosity.

2-) What features of that One are mentioned along with this conclusion?

Necessary existence, total power, total knowledge, sustaining care, glory, and generosity.

3-) What three things are said to be found in rain in great number?
Benefits, signs of divine action, and examples of wisdom.

4-) What example is given to prove the precision of rainfall?
The example is that summer rain keeps its balance and pattern even in strong winds.

5-) How does the passage describe water in relation to its ingredients?
It says water is made from two simple elements.

6-) In what area are these purposes especially seen?
They are especially seen in living creatures.

7-) What does the traveller do after considering rain?
He turns his attention to thunder and lightning.

8-) How are thunder and lightning connected with praise of Allah in the passage?

They are treated as signs that reflect His greatness and glorification.

9-) What images in the sky are mentioned to grab the attention of the heedless person?

A sudden powerful sound, flashes lighting up the dark sky, and clouds seeming to blaze with light.

10-) What are careless people being corrected about?

They are being corrected for thinking only about what is below and ignoring the signs above.

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 3 - CEVAPLAR

1-) What final belief does the traveller express about the One who controls the winds and clouds?

He believes that this controller must be Allah alone.

2-) Why does the traveller reject any idea that these atmospheric works happen by themselves?

Because they are carried out with endless purpose, mercy, order, power, and knowledge.

3-) What does the passage say about the number of wise purposes in rain?

It says they are as many as the tiny parts or atoms within it.

4-) How do strong winds help strengthen the argument of the passage? Even with strong winds, the rain stays orderly, which shows precise control.

5-) Why is it important that the drops do not join into destructive masses?

Because this shows careful control and mercy in how rain is sent.

6-) What conclusion is drawn from that contrast?

A wise and merciful Creator must be directing it.

7-) What does the traveller learn by listening to thunder and watching lightning?

He learns that they are meaningful signs connected to Allah's greatness and to the coming of rain.

8-) What do these signs tell needy people?

They tell them that rain is coming.

9-) What are thunder and lightning meant to make that person do?

They are meant to make him lift his head and notice Allah's amazing actions.

10-) What comparison is made between human life and weather events?

Just as people are not left without control and purpose, weather events are also under control and given purpose.

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 4 - CEVAPLAR

1-) What does the traveller infer from the way air and weather are directed?

He infers that they are directed by Allah, who has unlimited power and knowledge.

2-) How are the tasks of the clouds described?

They are shown as endless works of mercy carried out in an ordered way.

3-) What does the traveller see in rain besides water itself?

He sees many benefits, acts of lordship, and signs of wisdom.

4-) What harmful result does the rain avoid when it falls?

The drops do not crash together and turn into damaging masses of water.

5-) Why does the passage mention hydrogen and oxygen?

To show that simple materials are turned into something that serves many wise purposes.

6-) What does rain show when it comes down to earth?

It shows Allah's mercy in a physical and visible form.

7-) What two atmospheric events does the traveller study after rain?

Thunder and lightning.

8-) How do these sky events affect a careless person who only pays attention to the earth?

They wake him up sharply and push him to notice the signs above him.

9-) How do these strong sky scenes affect someone who is spiritually careless?

They shock him out of heedlessness and call him to pay attention.

10-) What are people told to understand about these natural events?

They should understand that these events have a Lord, a purpose, and assigned tasks.

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 5 - CEVAPLAR

1-) What is the main conclusion of the first paragraph of the target passage?

The main conclusion is that the One who controls the winds, clouds, and air can only be Allah.

2-) Why does the traveller connect the clouds with mercy?

Because they are arranged for endless helpful purposes that bring care and benefit.

3-) How does the passage describe the design of the raindrops?

It describes them as beautifully made and carefully ordered.

4-) What does the behavior of raindrops show about how they are sent?

It shows they are sent with precise control, not in a random or chaotic way.

5-) Why is the simple makeup of water important in this discussion?

It shows that something made from basic elements is still used for many complex and beneficial purposes.

6-) What does the passage call rain in relation to mercy?

It presents rain as a direct embodiment or visible expression of divine mercy.

7-) What does the traveller pay attention to after rain?

He pays attention to thunder and lightning.

8-) Besides being signs, what practical message do thunder and lightning carry?

They announce the arrival of rain.

9-) What sights and sounds in the sky are used to awaken the heedless?

Sudden loud sound, bright flashes in a dark sky, and clouds lit up like huge burning forms.

10-) What does the passage say about the duty of each event?

Each event is made to carry out a specific task.

8sinif supreme-sign-p14-the-atmosphere-the-proof-of-mercy-and-divine-unity-in-rain-and-thunder-and-lightning - Set 6 - CEVAPLAR

1-) What does the traveller decide about the One who directs winds and arranges clouds?

He decides that this can only be Allah, the Lord with necessary existence.

2-) What does the passage say about the number of rain's benefits? It says they are as many as the raindrops.

3-) What does the steady pattern of raindrops teach the traveller? It teaches him that rain is controlled with exact balance and care.

4-) How is the order of rainfall protected even in hard weather? The drops remain balanced and regular even when strong winds are active.

5-) What contrast does the passage make about water?

It is made of simple elements and has no awareness, yet it serves many wise purposes.

6-) Why can rain not be explained as something made by unconscious matter alone, according to the passage?

Because it carries mercy, order, and wisdom that point to the work of the Most Merciful.

7-) What two sky signs does the traveller focus on next?

Thunder and lightning.

8-) What mistake does the "negligent man" make?

He keeps his attention only on the earth below and ignores the signs above him.

9-) What are such people told to do?

They are told to raise their heads and look at the amazing works above them.

10-) What truth about natural events closes the target passage?

The truth is that these events are not without direction; each has a master, a purpose, and an assigned duty.
