Cevap 4 They are described as either the same or very close in resemblance.	Cevap 3 They emerge from eggs and from tiny fluid drops connected with reproduction.	Cevap 2 It presents them as extremely numerous, with hundreds of thousands of different forms and appearances.	Cevap 1 Many living creatures come forth in countless forms from eggs and sperm-like fluids that are alike or very similar.
Cevap 8 Because so much variety comes from similar beginnings in a consistently ordered way, which points to intentional wisdom.	Cevap 7 It suggests that each one reflects deep purpose, knowledge, and careful design rather than randomness.	Cevap 6 Order, balance, and freedom from failure or breakdown are emphasized.	Cevap 5 The beginnings are limited and similar, but the outcomes are highly varied and remarkable.
Cevap 12 They are described as limited and countable.	Cevap 11 Eggs and reproductive fluid drops are named.	Cevap 10 It says that countless animals are brought into existence in many distinct forms from very similar beginnings.	Cevap 9 The proofs are said to be as many as the animals themselves.

13 How are the creatures described in relation to shape and form?	14 What phrase in the passage points to careful arrangement rather than confusion?	15 What does the passage mean by saying the process is unfailling?	16 What does the passage encourage the reader to infer from similar origins producing diverse outcomes?

Cevap 16 That the process is guided by wisdom and precise determination.	Cevap 15 It means the process happens reliably, without disorder or collapse.	Cevap 14 The idea that they appear in a highly ordered and balanced way points to careful arrangement.	Cevap 13 They are described as having many different shapes and forms.
Cevap 20 The passage stresses their many shapes and forms and their very large range of differences.	Cevap 19 The central claim is that the coming forth of animals in great variety from similar reproductive beginnings is a clear sign of wisdom.	Cevap 18 Each animal serves as a sign or piece of evidence supporting the claim.	Cevap 17 It presents it as a very clear reality, since it describes the truth as shining and strongly supported.
Cevap 24 To highlight that from a restricted set of similar beginnings comes an astonishingly broad range of life.	Cevap 23 It gives the passage a reverent and reflective tone, showing wonder at creation.	Cevap 22 The process is described as orderly, balanced, and without failure.	Cevap 21 Their origins are materially similar even though the creatures that come from them are very different.
